# Kartik Gupta

Arlington, TX – 76013 ● (682) 302-1347 ● kartikg2013@gmail.com
LinkedIn: linkedin.com/in/kartikg2013 ● GitHub: github.com/kartikg2016

## EDUCATION

**Bachelor of Science in Computer Science**

University of Texas at Arlington, Texas. May 2019. GPA **3.9/4.0**

## SKILLS

Proficient: ● Java ● C++ ● C ● Microsoft Office Tools

Intermediate: ● SQL ● MATLAB ● Linux ● Java Database Connector (JDBC)

Beginner: ● Android Application Development ● C# ● Assembly Language for MIPS and ARM

## PROJECTS

Productivity Application for Android                                July, 2017 - Present
● Takes in a to-do list from the user and returns a randomized task to prevent procrastination.

Chatting Application                                February, 2017 - May, 2017
● C++ multi-threaded application that connects users through chatrooms to enable communication.
● Used ncurses library to build this in a Linux environment and OpenSplice DDS for data connectivity.

Store Management System                                October, 2016 - December, 2016
● Built a graphical user interface system for managing a robotics store.
● Used FLTK library in C++ and used Agile Project Management.

## SUPPLEMENTAL WORK EXPERIENCE

University Tutorial and Supplemental Instruction (UTSI) at UTA

Office Assistant                                June, 2017 – Present
● Assist supervisors in office work, answer people's questions and concerns on the front desk.

Peer Educator                                February, 2017 – Present
● Tutor college students in various courses for Computer Science, Math and Physics.

## RELEVANT COURSEWORK

● Object-Oriented Programming                ● Algorithms and Data Structures
● Fundamentals of Software Engineering            ● Database and File Structures

## HONORS & SCHOLARSHIPS

● Listed in The Dean's List for Fall 2016, Spring 2017
● Received President's Charter Scholarship from University of Texas, Arlington of $75,000 (2015 – Present)
